RUGGLES CAMP IS OPENED FOR YEAR ON THURSDAY

What Promises to Be the Best Year in the History of Old Ruggles Camp-meeting Will Be Opened Thursday.

With tomorrow's services Ruggles Camp-meeting begins what promises its best year. For days campers have been going to the grounds, and since last Sunday the camp has been an exceedingly busy place. The Board of Directors has had to turn-down applicant after applicant for cottages because of being full up. There will undoubtedly be some move made when the business session of the Association takes place next Wednesday to provide more cottages or rooms so that the many people who desire to camp from year to year may be accommodated.

District Superintendent Davenport of Ashland will have direct supervision of all services during the first week; Superintendent Lister will have charge during the closing days. Those who are to have charge of the special parts, G. W. Buntin, D.D., evangelist, J. B. Mahaffey young peoples leader, Miss Virginia Mac Hurd, Children's Hour teacher, T. B. Ashley, chorister and J. Robert Currey, pianist, will go to the camp today and will be ready to start things off with a vim. Those in charge of the hotel and confectionery have been laying in a good supply of eatables this week. Everyone who attends may be assured of plenty to eat at hotel and confectionery.

It may be said incidentally that Ruggles Campground is located right in the center of Lewis county's famous blackberry belt and it is a sure thing that blackberrying parties will be popular during camp-meeting.

Those who do not camp should make their plans to attend on both Sundays. Next Sunday is expected to be a great day—the first Sunday always is and then if one can spare a week day to go then they will have a real taste of that which makes Ruggles Camp-meeting such a desirable place to go to.

GETTING READY FOR COURT DAY

Manager Chris Brown, of the Maysville Stock Yards and his Stock Sales committee, are already making preparations for the regular monthly court day and stock sales to be held here on next Monday. These sales are being advertised extensively and a large crowd of country people are expected in Maysville for the day.

MISS SARAH FORMAN LEAVES ESTATE TO NIECES

Four Nieces of Miss Sarah Forman Are Beneficiaries Under Her Will
—Two Younger Heirs Get One Dollar Each—Mr. Thelma Owens Administrator.

A paper bearing date of May 20, 1910, and purporting to be the last will and testament of Miss Sarah Forman, was filed in the Mason County Court this morning and offered for probate. The signature of Miss Jennie O. Clarke, the attesting witness who has died, was proven by the testimony of Messrs. J. B. Durrett and Stanley F. Reed and the paper was admitted to probate.

By the terms of the will, the one hundred acre farm in the Washington neighborhood belonging to the deceased, is to be equally divided between Alice F. Owens, Mattie F. Barber, Phoebe H. Forman and Anna M. Hickman. All of the personal effects, money and household goods, are will'd to Mrs. Alice F. Owens, and Catherine P. Forman and Charles William Forman are given one dollar each. Mr. Thelma Owens was appointed administrator of the estate and he qualified as such with J. B. Durrett as surety on bond.

TRAXEL'S RECIPE FOR GEORGIA GINGER BREAD

Dissolve $\frac{1}{2}$ oz. soda in one quart water, add one quart of molasses, sift in 3 $\frac{1}{2}$ pounds of flour to which one oz. of cream of tartar as well as ginger and other spices has been added. Bake in a medium oven.

This makes good ginger bread, all right, and, if your kitchen is too warm for comfort, these days, and you don't feel like baking, phone Traxel's for a couple cuts of it. They have it on Wednesday's, Thursday's and Friday's. Only 10c a cut.

MASON FARMERS WILL ATTEND BIG SHEEP SALE

County Agent George Kirk will take a company of Mason county farmers to Lexington during the first of August to attend a big public sale of high class sheep at the big Tatlersall stock barns. It is expected that a number of breeders will be returned to Mason county by the farmers.

CANDIDATES GETTING THICK

As the time for the primary draws closer the candidates are becoming thicker and Maysville is being invaded most every day with at least one or more state primary candidates. To hear them talk they all will be winners.

BETTER WATER AND SEWERAGE SYSTEM CITY'S VITAL NEEDS

Assistant Surgeon General of the U. S. Public Health Service Tells Members of Mason County Health League—Annual Meeting Held Tuesday.

Maysville is sitting on two kegs of powder, either one of which or both are liable to explode at any time, according to Dr. L. L. Lumden, Assistant Surgeon General of the U. S. Public Health Service, in his address before the members of the Mason County Health League at their annual meeting presided over by the President, Hon. H. P. Purnell, and held at the Court House Tuesday evening.

These two kegs of powder are the city's impure water supply and insufficient sewerage system, according to the expert. Dr. Lumden spoke very interestingly about the sanitary condition of Mason county saying that this county was one of the model counties of the country and to make it the model county of the entire country, Dr. Lumden made only two suggestions but they were big ones which have been facing the city officials and the city Health Department for many years.

Dr. Lumden made three suggestions, which, if followed out, he said would give to Maysville a first class water system. They were (1) larger reservoirs (2) filtering plant (3) chlorine plant. The latter we have so that there are but two improvements to be made to give the city good water.

He spoke of the thirteen sewers which enter into the river above the intake of the water works and said that, of course, this made the water worse but he said the water was unfit to drink even if these sewers did not empty into the river above the intake pipe.

Dr. Lumden also recommended to the house wives that they learn something about their milk supply and urged upon them to call upon Dr. Rice the city, county, state and federal health officer, for this information.

Miss Marion Williamson, State Supervising Nurse, made a very interesting talk in which she said that the other counties of the state of Kentucky were looking to Mason county in health work. She told interestingly of the health improvements in the mountain counties of the state and of the spread of the Public Health Nursing system in Kentucky.

Dr. McCormack, Secretary of the State Board of Health, was called away and was unable to appear on the program but in his place Dr. P. E. Blackerby, State Registrar of Vital Statistics, spoke assuring the people of the hearty co-operation of the State Board of Health and bespeaking the support of the people of Mason County Health League.

Miss Annie M. Casey's annual report gave the hearers some idea of the highness of the Health League's work and showed that the officials of the Health Department are kept busy every hour in every day.

Dr. James M. Coobran's report of the finances of the League, showed that the money affairs were in good condition.

The musical part of the program was by no means the smallest part. Many were attracted by the opportunity to hear the splendid musicians advertised. Mrs. Alfred Peet and Miss Elizabeth Barbour sang a beautiful duet while Miss Barbour's solo with Mr. Robert Straus playing a violin obligato, was one of the big features of the program. Children from the public schools who are members of the Modern Health Crusaders, sang a very pretty little health song.

Dr. J. H. Rice, Mason county's new full time Health Officer, spoke only a few moments urging that all lend him support in carrying out the recommendations of the Federal Health Department head.

That every one is pleased with the present management of the League is shown by the unanimous re-election of the old Board of directors and officers.

BAPTIST SUNDAY SCHOOL PICNICS ON THURSDAY

All arrangements are now completed for the annual picnic of the Sunday School of the First Baptist church which will be held at Beechwood Park Thursday afternoon and evening. A most enjoyable time is assured all who will attend. The students are requested to meet at the church on Thursday afternoon in time to take the 3 o'clock car at Third and Market streets. The dinner will be served at 6:30 o'clock so that those working may take their dinner with the school. The evening meeting will be a Baptist re-union and every Baptist in the community is invited and urged to attend. At 7:30 o'clock Prayer Meeting will be held in the Casino.

MAYSVILLE, KENTUCKY, WEDNESDAY, JULY 23, 1919.

BRACKEN COUNTY MAN ASSURED APPOINTMENT

Last Man Out of the Way and "Bob" Greene Will Be Named on State Tax Commission.

Frankfort, Ky., July 23.—The appointment of State Auditor R. L. Greene to the State Tax Commission is understood now to be an assured fact. It was reported at one time that County Attorney F. B. Martin, Graves county, would get the third place on the commission, and Auditor Greene would lose out. This report, however, has been set at rest by the assurance of Mr. Martin's friends that he is slated to succeed Chairman R. C. P. Thomas, of the Workmen's Compensation Board.

Chairman Thomas is the four-year member of the original board, the only one remaining on it. His term will expire next April, 1920, as he was appointed in April, 1916, by Governor Stanley. Chairman Thomas lives at Bowling Green.

With Mr. Martin out of the way, there is no one besides Auditor Greene mentioned for the Tax Commission. The fact that no appointment has been made in the twenty-two days elapsing since the appointment became due is an added indication, since Ben D. Ringo, Owensboro, was promptly re-appointed when his term expired.

Under the act of 1918, the Auditor ceases with the end of the present term to be ex officio member of the commission and the Governor is authorized to appoint on July 1 a third member of the commission to take the place of the Auditor as soon as he qualifies.

If anyone else was to be appointed there would be no need of delay; but if Auditor Greene is to be appointed, he first will have to resign and it is conjectured that this will not be done until after the primary and that Gov. Black will appoint his successor the Democratic nominee for Auditor.

CHOSSEN DELEGATE TO INTERNATIONAL UNION

Mr. Stanley Culien, who has so efficiently served the Maysville Barbers' Union as President for some time, has been honored by the organization by being selected the delegate from the local union to the meeting of the International Union to be held this year at Buffalo, N. Y. This meeting is held once every five years.

BLOODHOUNDS TRAIL MANCHESTER HOUSEBREAKERS

Manchester, Ohio, July 23.—Jack Foster and R. O. Eaton, each 20 years old, giving Cincinnati as their home, are in the Adams county jail, charged with house-breaking. They were traveling on a motorcycle. When surrounded by the Sheriff's deputies and Manchester bloodhounds they surrendered.

RAILROAD MAN IS OVERCOME BY HEAT

Mr. Edward Huron, an employee of the C. & O. Railroad Company, was overcome by the heat Tuesday afternoon while at work in the local yards. He was removed to his home where he is said to be improving today. This is the second time Mr. Huron has been overcome by the heat this summer.

The Blue Grass Fair, Lexington, Ky., opens September 1, which is Labor Day. The management of the Fair has arranged a specially attractive program for that day and will co-operate with the various labor organizations in an effort to furnish such a program as has never been witnessed in Central Kentucky. Special railroad rates have been secured.

Try a Ledger Want Ad. It Pays.

PROPOSES ORGANIZATION FEDERAL FARM LOAN ASSOCIATION

Prominent Indiana Attorney, a Former Maysville Man, Proposes to Organize Federal Loan Organization For Mason County.

The following is a copy of a letter sent by William C. Coryell, now prominent Attorney at Marion, Ind., and former Mason county school teacher to Secretary Carl Dodds of the Maysville Chamber of Commerce, County Agent George Kirk and the local bankers. It is self explanatory:

Marion, Ind., July 21, 1919.

Mr. Carl F. Dodds,
Maysville, Kentucky.

Dear Sir:

After an absence of four years, I plan to visit my old home town, Maysville, Kentucky, August 2-10 and during this time I desire without any charge to organize a National Farm Loan Association with headquarters at Maysville, and with authority to loan farm loans in Mason, Fleming and Bracken counties.

As attorney for the local farm loan association, I can say that the Federal Farm Loan of 5 $\frac{1}{4}$ per cent. on a long time basis which may be paid at any time is a good thing for the farmers and is also favored by the banks and merchants. One half a million dollars has been brought into this county from outside capital to pay off mortgages, purchase farms, to pay tractors, to buy farming implements and fence, and to improve houses and barns. This has caused an increased deposit in banks and an increase for the local merchants.

I shall be glad to meet any farmers who are interested. In the Chamber of Commerce, August 9 or I could extend my visit over until August 11 if that would be a better time. You may select a day any time during the week of August 4-9, if you should prefer such a date and notify me accordingly.

In order to organize the association we will need not less than ten prospective borrowers making applications in writing for loans aggregating \$20,000 and apply for a charter. I will have all necessary papers with me. I enclose a bulletin explaining the loan. I am also sending one to the County Agent and also to the local banks. You will kindly get in touch with the County Agent, and also call it to the attention of the local newspapers so that it may have some publicity.

I feel keenly interested in the

CANDIDATES FOR NOMINATION FILE EXPENSE ACCOUNTS

B. B. Pollitt Spends More Money Than Other Candidates in Nomination Race—Dr. Yazell's Expenses Are Nothing.

The candidates for nomination for County Representative from Mason county have filed with County Clerk Owens their schedule of expenses in their races for the nominations of their two parties.

Mr. B. B. Pollitt, candidate for the Democratic nomination leads the list by having spent more money than any of the other candidates while Dr. W. S. Yazell, the candidate for the Republican nomination, who had no opposition for this nomination, reports that he has not expended a single dollar for any campaign expenses.

The schedules are filed by the three candidates and as sworn to by them follows:

Democratic

B. B. Pollitt, \$34.60.

Calvert Early, \$27.

Republican

Dr. W. S. Yazell—nothing.

These expense accounts had to be filed with the County Clerk on or before today. The last account was filed at noon by Dr. W. S. Yazell.

Interest in the Democratic race in Mason county is getting warmer every day and there is every indication just now that it will be a rather warm race between Pollitt and Early. Neither are favorites at this time and it appears that the race will come to the polls with the candidates neck and neck.

THRESHING SLOW IN MASON COUNTY

It is reported that threshing is going forward very slowly in Mason county this year; in fact, the threshing of the grain has not been as rapid this year as in the many past seasons. Threshers give it as the reason for the slowness that the straw is too heavy.

GEORGE BAUER ARRIVED HOME THIS AFTERNOON

George Bauer, son of Squire Fred W. Bauer, who has been in Europe for many months with the American Expeditionary Forces, arrived home this afternoon over the C. & O. railroad having been finally discharged from the army at Camp Zachary Taylor.

friends of my boyhood community, especially the farmers.

With kindest personal regards, I am,

Very truly yours,
W. C. CORYELL.

FINE TALENT IS PROCURED FOR MOWER CAMP MEETING

Prominent Lawyers of the Ohio Valley Will Speak at Annual Meeting of the Mower Park Campmeeting —Maysville Band to Make Music.

The annual campmeeting at Mower Park Lewis county, just East of this city, promises to be the biggest meeting that has ever been held in this popular camp. The meetings again this year will be in charge of Rev. W. H. Morris, popular pastor of the Forest Avenue M. E. church, of this city, and Rev. W. H. Davenport, of Ashland, District Superintendent of the Ashland District.

The meeting begins on August 7th and will continue until August 24 giving three big Sundays during the meeting. On the first Sunday Rev. Morris and Rev. Davenport will preach. On the second Sunday there will be a great gathering of the members of various organizations and the speakers will be Hon. John P. Strother, County Attorney of Lewis county, and Hon. John F. Coldiron, District Attorney of Catlettsburg.

The third and last Sunday will be the big day of the meeting. It will be Red Cross Day and there will be a general home coming celebration in honor of the Lewis county boys who served during the world war. The meeting will be presided over by Mr. George H. Frank, of this city, and the Maysville Boys' Band will furnish the music. The speakers will be Judge C. D. Newell, of this city, and Hon. Stanley F. Reed, of this city. This promises to be one of the biggest days in the history of Lewis county and many from this city are expected to be in attendance.

CLERKS HAVE AN INTERESTING SESSION

The Maysville Retail Clerks' Union held a very interesting meeting on Tuesday evening at which there were many members present. This union is growing quite rapidly and in a short time will be a very large and powerful organization.

BACK FROM BIG TRIP

Col. J. Harbour Russell and family and Mr. and Mrs. Hord Armstrong, reached Maysville Tuesday night by automobile after a very pleasant trip to Battle Creek, Mich., and other points in the North. Col. Russell reports a fine trip and a big time.

THE HOME OF QUALITY CLOTHES

Here's Your Keep-Cool Wardrobe for Summer

OUR POLICY

To support such measures as are unquestionably for the good of Mason County as an entire community, rather than such propositions as are in favor of the individual interest, or of one section as against another. And likewise to earnestly and consistently oppose all things that are not for the good of the County as a whole.

EMPIRE BUILDERS OF 1940

"If you see an Englishman running down the street toward the telegraph office, ten to one, there is a new born son at his house, and this father is hurrying to the telegraph office to make a reservation for him fifteen years hence at Eton or Rugby." At least this is the way a clever writer, who is describing what these schools mean to the Englishman, explains that particular Englishman.

And why not? There is no event that means more to a man than the birth of his son, and certainly nothing that is going to mean more to the son than the training he will receive. A reservation in a picket school is not necessary to guarantee this training to the American boy but financial security is needed.

How many of the twelve million citizens-to-be who open their eyes on America every year can count on this training! How many of them will be numbered in the new aristocracy of the men who know, the empire builders of 1940! These builders will be a class of trained men, and the class which the citizens of tomorrow will enter depends largely on the fathers of today.

The father who dreams great things for his little son will begin now to invest a part of this year's prosperity in the future of the boy. The Government has made this investment particularly easy by placing within reach of all short term securities bearing a high rate of interest. Now that the issue of War Savings Stamps and Savings Securities has been made permanent, the college course may be insured by a savings plan running through several years.

A simple plan for a father who has had a prosperous year calls for the purchase of two one-thousand dollar Treasury Saving Certificates for the August baby. This means an investment of only \$1676 at that date and will yield \$2000, January 1919. This sum reinvested will yield \$3000 when the boy is fifteen. The same result may be worked out gradually by a plan that provides for the purchase of one War Savings Stamp a week or fifty a year during the next ten years.

Both these plans provide liberal investment for the boy's future. Much smaller investments would help him towards the goal. Ten Savings Stamps a year for the next fifteen years would mean \$1000 to him. Any young American with fighting blood in him would have a try at college with that sum in hand.

Today is the time to plan for the future of the baby boy. Will your son enter the class of empire builders in 1940? Government securities offer you a chance to provide him with the requisite college credits.

WHEN I OPEN MY MOUTH LET NO DOG BARK'

"It must have been," says New York Times, "galling to a man of His nature, working there (at Paris, where of course he HAD to go) for months for the good of his own country and the world, to feel that every ill yilled man in public life was privileged to flout him in his absence." Yes, indeed, with nobody but Tammy and McAdoo and Homer Cummings and Hitchcock and Jimham Lewis and John Sharpe Williams and the New York Times to stick up for him. There ought to be a law, or a constitutional amendment, or a Burenson order or something preventing any "flouting" of a President, even a potential third termer and party chief who writes campaign letters, defines party issues and performs other duties not specifically prescribed in the Constitution. The court journals should be allowed to call dissenting senators by name in the catalogue of bilinggate, but any mere outsider who talks back ought to be deported as an undesirable, or have his tongue taken out or his fountain pen confiscated. This is the true bolshevik doctrine; dissenters are counter revolutionaries and traitors; away with them, for their persistence in spreading heresy and schism is personally "galling" to the only functionary in the country who is entitled to have an opinion on anything, and whose hand-me-down "points" are to the administration hand organs as the stone tablets to Moses amid the thunder and lightning on Mt. Sinai.

NO REMEDY YET

The problem of the railroads remains unsolved and the deficit is daily growing and now reaches into hundreds of millions of dollars while no one seems to offer a remedy except it be for the continuance of the hold-up of the patrons and taxpayers. When there is an advance of rates, there is a corresponding advance in wages and materials and the taxpayers continue to be the goat with no relief in sight. There is no one soliciting business for the rods. There are no efforts being made to foster business and encourage enterprise along the lines, the whole matter getting into the government control rut, your Uncle Sam being the gentleman to pay the freight, bear the loss and meet the bills. This kind of business cannot last always, this method of robbing Peter to pay Paul, and every sensible man knows it. It is only digging the grave for the worker and destroying the job. Our country is going to pay for this revelry and pay dearly for it, fact is, is already paying for it to the tune of millions a month. It is up to the present congress to figure out a remedy without delay and not play politics with the railroads as has the democratic party. The people are paying for the frolic in transportation enjoyed by the Wilson-McAdoo crowd and it is proving costly fiddling.

Scientists are absolutely at a loss to account for the taste of a new parasite. It eats spinach. Maybe, however, once it was carnivorous.

All the nations are now near neighbors, and each must learn to effect compromises and live with its neighbors in amity and prosperity.

FISH MEAL AS FOOD FOR PIGS IS RECOMMENDED

Experts of Extension Division of State Agricultural School Urge Feeding of Fish Meal.

Kentucky farmers are feeding pigs an enormous amount of tankage and find it profitable even at an extremely high price. They are anxious to learn of something just as good and cheaper. Fish meal is just as good and ten dollars a ton cheaper. Of course, the farmer wishes to know more about fish meal so the county agent simply quotes below some sections from a letter recently received from an expert in the Extension Division of the College of Agriculture:

"Recently an opportunity was afforded the writer to investigate the fish-meal manufacturing industry and also to become thoroughly acquainted with the advantages of feeding fish meal to hogs. There is no doubt that fish meal as a hog feed is one of the best protein concentrates and that it will become increasingly important in the United States for this purpose. Menhaden fish are caught in great quantities along the Atlantic, Pacific, Gulf of Mexico and other coasts. These fish are taken to the fish factories, a large proportion of the oil is extracted and the residue made into fish scrap. Fish scrap has become exceedingly important as a fertilizer in some sections of the United States. It has been found that this fish scrap when made from undecomposed fish and ground fine, in which state it is known as fish meal, makes a concentrated protein hog feed of very superior grade.

"A number of the experiment stations have tried the product with very gratifying results. It has been found just as efficient, probably slightly more so, pound for pound, as tankage. The Bureau of Animal Industry Experiment Farm at Beltsville, Md., has entirely replaced tankage with fish meal in its hog feeding operations. The objection has been raised that fish meal imparts a fishy flavor to the pork. This is not true, however, even though it fed in unlimited quantities as through a self-feeder.

"We feel that fish meal is a first-class hog feed, the use of which should be stimulated in Kentucky. The manufacturers, too, feel that they have a good product and are anxious to have it become better known and more widely used over the country. To encourage this they have agreed to sell fish meal at \$10 less per ton than tankage when taken in ton or more-than-ton lots."

Howard Hickman is his old self again, and will direct Bessie Barrable in her next picture. They have made some very fine pictures together and their partnership is an artistic success, and what is more, adds to the family bank roll, for everyone knows that Miss B. B. is Mrs. H. H.

Activity Abroad in Our Fair Land

We would again call your attention to the unusual activity that is going on in every industrial line: Times were never better and the opportunity never greater for good sound investments. Maysville and Mason county are not keeping pace with our neighbor counties and towns in the strides they are making. Our farm lands and city property are yet the cheapest when all conditions are considered that is to be found in this part of the state. We can sell you property in Maysville and farms in Mason county cheaper than you can buy them any place in the world when all the surroundings are considered.

LEGION IS INCORPORATED

Washington.—Incorporation by Congress of the American Legion, composed of the heroes of the war with Germany, is provided in a bill which has been introduced in the House by Major Royal C. Johnson of South Dakota. Theodore Roosevelt, Jr., is named as among the incorporators.

The purposes of the corporation are declared to be to uphold and defend the Constitution of the United States; to safeguard and transmit to posterity the principles of justice, freedom and democracy for which the members of the military and naval forces of the United States contended in the war.

September 1 has been definitely selected as the release date of Nazimova's next super-production, "The

1917-1918; to maintain law and order; to foster and perpetuate a 100 percent Americanism; to inculcate the duty and obligation of the citizen to the community, state and nation; to preserve and develop equality of right and opportunity in the United States; to promote the social and industrial welfare of the citizens of the United States, to make right the master of might; to preserve the memories and incidents of the Great War, and to consecrate the comradeship of its members to service to the nation.

A Big Circus to Be Put on by the Youngsters

The Chautauqua Kids Circus—The Biggest Hit Ever Invented—
For All the Boys and Girls

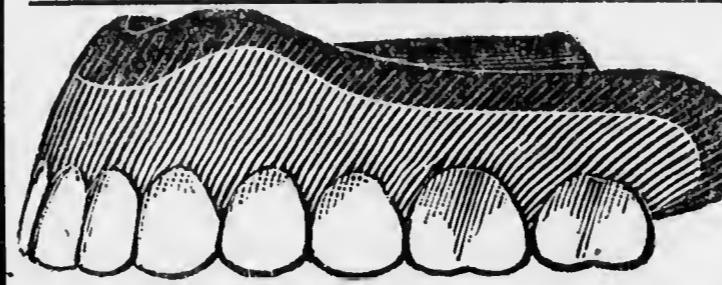

A brand new and novel form of entertainment is to be introduced at Chautauqua this summer for the benefit of the young folks, popularly spoken of nowadays as "the kiddies."

The Chautauqua management has decided to assist the Junior Chautauqua (children from six to fourteen who have purchased a Junior season ticket) in putting on a real circus. What boy or girl hasn't played circus at some time—here will be an opportunity to do it on a large scale and with the whole community taking part or acting as audience. The circus will include a menagerie of wild animals, various sideshow features, and circus stunts of many kinds and varieties.

It will be no end of fun to learn how to build an elephant that looks like the real thing. One that can walk about on the grass and take an active part in the circus performance. Another animal that will be built by the kiddies is the long-necked ostrich and it will be taught to perform many interesting and funny tricks. Other animals to be built by the Juniors are the giraffe and the "Cook." Besides there'll be the tattooed men, wild men, snake charmers, fortune tellers, Hawaiian beauties, clowns, bands, and many other features. The kiddies will have the time of their lives and so will the grown folks who will be invited to come and see this wonderful circus parade and all.

INDUSTRIAL ACTIVITY IN THE SOUTHLAND SHOWS BIG GROWTH

Activities in Oil Fields Take Prominent Place in Industrial News of the South.

Activities in the oil fields take a prominent place in the industrial news of the South for the past week as reported by the Manufacturers' Record. A new \$10,000,000 company has been formed at Fort Worth, Texas, and at Austin, in the same State, a \$1,500,000 company has incorporated. At St. Joseph, Mo., a company has been formed with \$5,000,000 capital to manufacture fuel oil for motor cars. In West Virginia a \$5,000,000 company, owning 33,000 acres in that State and in Texas, also 7 producing wells, will buy and develop additional properties. At Lockhart, Texas, a petroleum company increases its capitalization from \$600,000 to \$1,000,000. A new company is formed at Lexington, Ky., with \$750,000 capital, and, in addition, throughout all the oil districts there are a large number of new companies organizing with capitalization ranging from a few thousand dollars up to several hundred thousands each.

An association of fruit growers has incorporated for \$50,000,000 and purchased between 6000 and 7000 acres of orchards, citrus groves and vegetable properties throughout the country, including the apple regions of the fully-developed commercial producing propositions, but later development will be undertaken of apples, peaches and citrus fruits.

Among the important textile activities are the plans of a large cotton-milling company at Macon, Ga., to build three additional mills, the machinery alone for which will cost \$500,000. New mills will be built at High Point and at Kings Mountain, N.C., and at Gaffney, S.C., a \$300,000 cotton mill is planned. Additions costing \$250,000 will be made in once to cotton mills at Warren and Phenix, Md.

A 12-story office building costing \$1,000,000 is planned for Dallas, Tex., and an apartment-house will be built in the same city at a cost of \$750,000. Additions costing \$250,000 will be made to a packing plant there.

At Ponca City, Okla., a \$500,000 expenditure will be made for hotel, office building, apartment, warehouse, garages, dwellings, etc., by an oil-refining company.

In Baltimore a recent purchase of suburban property will mean the building of 100 daylight homes at a cost of \$500,000.

Near Miami, Fla., a rubber-tire manufacturer from Ohio will build a residence, involving the construction of a seawall, at a total cost ranging from \$500,000 to \$1,000,000.

A \$500,000 memorial building will be erected by the University of South Carolina at Columbia, and at Atlanta, Ga., a \$200,000 Y. M. C. A. building is planned.

At Webster Groves, Mo., a \$250,000 girls' school and dormitory will be built, and an academy at Guthrie, Okla., will erect a building costing a like sum.

The Federal Government will spend over \$1,000,000 at Hampton Roads, Va., for storehouses.

Terminal improvements are planned at Savannah, Ga., by New York steamship interests at a cost of from \$2,500,000 to \$3,000,000.

A generating station costing \$731,500 will be constructed at Tulsa, Okla., to furnish power within a 50-mile radius. Steel and reinforced concrete buildings will be erected on a 60-acre site on the Arkansas River. Near the

mouth of the St. Francis River in Arkansas there will be five miles of levee work at a cost of \$300,000.

The Board of Public Works of Kansas City, Mo., will build a 1200-ft. viaduct at a cost of \$485,000.

Additions costing \$500,000 will be made to an automobile plant at Fort Worth, Texas. In Kansas City, Mo., a \$300,000 company just organized will manufacture automobile tires, belting, packing, etc.

A \$500,000 milling company has incorporated at Oklahoma City. A public elevator and storage corporation has been formed for a like amount in Richmond, Va., and at Knoxville, Tenn., a \$300,000 flour and feed mill has organized.

At Huntington, W. Va., a \$500,000 lumber company has incorporated, and in a Georgia county 10,000 acres of timber lands have been purchased by Savannah parties, who will install 60,000-ft. capacity mill, eight portable mills, dry kilns, shingle and lath machines, etc.

In Petersburg, Va., a \$1,000,000 trust company began business on July 15, and at Portsmouth, in the same State, a trust company has increased its capital from \$250,000 to \$1,000,000.

In Kansas City, Mo., a \$1,000,000 national bank has begun operations. A national bank in Tulsa, Okla., increases its capital from \$100,000 to \$1,250,000. In Dallas, Texas, a State bank increases from \$300,000 to \$500,000 and will erect a building, and a State bank at Fort Worth plans a similar increase in capitalization.

HITCHCOCK ALL SET UP BY FRENCH WAR TREATY

Difficulty of Making It Consistent With Guarantee of Peace in League Covenant.

Washington.—Expediency and hot principle is the cause of the secret treaty by which Great Britain and the United States agree to the assistance of France should she again be endangered, according to the view of many senators who are taking part in the debate on the issue of nations and the peace treaty.

Senatorial Hitchcock, of Nebraska, formerly the Democratic chairman of the Committee on Foreign Relations, was so shocked when he heard the news of the pact, that he said he regarded it as unnecessary but might vote for it because the negotiations had gone so far that it might be embarrassing to withdraw from the agreement.

After he had repeatedly said on the floor of the Senate that the old order of things had been done away with by the league of nations covenant and that under it there could no longer be any balance of power in European affairs.

In itself the permanent alliance between the three powers, for that is what it is taken to amount to, is a concession that wars will occur in the future and is in agreement with President's statement at the now famous White House dinner before his return to Europe that the league covenant would not prevent future conflicts.

Senatorial Hitchcock, however, comes to the President's rescue with the old "German propaganda" bugaboo. "If the United States refused to ratify the pact," he said to your correspondent, "Germany might interpret that action as the serving of notice that we would not go to the aid of France in case of an attack, and she might govern her attitude accordingly."

As the Senator, who is the leader in the Senate of President Wilson's fight to ratify the peace treaty and the covenant as they are, argued recently that the league would not accomplish much and therefore is a good thing, so he now says that while the triple alliance between Great Britain, the United States and France is not unconstitutional, still it will not be binding upon any future Congress and therefore should be ratified. "It would," he said, "be for any future Congress to determine whether the attack upon France was provoked or unprovoked."

Meanwhile the question of whether the policy of Washington, adopted for more than a century, that the United States should beware of entangling alliances, shall be departed from is being argued by the Foreign Relations Committee.

Scores of negroes were injured in widespread clashes between whites and blacks in Washington. Police reserves were kept on the jump, but were unable to quell the scattered disturbance. Four blacks in an automobile fired on the Naval Hospital

HER DAUGHTER WAS SAVED FROM OPERATION

Mrs. Wells of Petersburg Tells How.

Petersburg, Va.—"For two years my daughter suffered from a weakness and pains in her right side; at times she was so bad she could not do any work. For two years she was attended by the best physicians here, and both agreed that she would have to be operated on. I engaged Lydin E. Chapman's Vegetable Compound, and at first she refused to take it, but finally consented. From the very beginning it helped her, and now she is entirely well, and telling everybody how much good it has done her."—Mrs. D. WELLS, 225 North Adams Street, Petersburg, Va.

Every girl who suffers as Miss Wells did, or from irregularities, painful periods, backache, indigestion, dragging down pains, inflammation or ulceration would do well to give this famous and well-recommended trial; they would soon find relief from such suffering.

For special advice women are asked to write the Lydin E. Chapman Medicine Co., Lynn, Mass. The result of forty years' experience is at your service.

REAL ISSUE IN THE LEAGUE FIGHT IS FULLY EXPLAINED

President of Organization Against Adopting League of Nations Expresses Why Plaut Is Opposed.

Washington.—The real issue on the League of Nations lies between who honestly believe that without radical amendments the proposed covenant will make a war league and those who are trying to prevent such amendments by placing parliamentary fight by George Wharton Pepper, chairman of the board of directors of the League for the Preservation of American Independence—the organization opposing the proposed League of Nations covenant.

"It is proving easy" Mr. Pepper says, "to satisfy intelligent Americans of three things:

"First: That we should reserve our right to reject the recommendations of the Executive Council, or of the Assembly, and should not covenant to accept their decisions even when unanimous.

"Second: That questions of international law should be decided by a high court of justice and not by the kind of political tribunal that is today attempting to despoil China of Shantung.

"Third: That the United States should decline to underwrite the new boundary lines of the world and to guarantee foreign nations the territory with which they have gorged themselves by means of the peace treaty.

"If anything is needed to satisfy an overwhelming majority of Americans

DO IT NOW

Maysville People Should Not Wait Until It Is Too Late.

The appalling death-rate from kidney disease is due in most cases to the fact that the little kidney troubles are usually neglected until they become serious. The slight symptoms often give place to chronic disorders and the sufferer may slip gradually into some serious form of kidney complaint.

If you suffer from backache, headaches, dizzy spells; if the kidney secretions are irregular or passage and unnatural in appearance, do not delay. Help the kidneys at once.

Doan's Kidney Pills are especially for kidney disorders—they act where others fail. Over one hundred thousand people have recommended them.

Here is one of many cases in this vicinity.

Jas. M. Newton, Gum St., Aberdeen, Ohio, says: "I have used Doan's Kidney Pills off and on for several years and have been greatly benefited. Whenever my back has been too frequent in action, I have used a box or two of Doan's Kidney Pills, which I get at Wood & Son's Drug Store. They have always relieved me in a short time."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Newton had. Foster-Millburn Co., Mifflin, Buffalo, N. Y.

**MOONSHINERS SEIZE AND
CONVICT PROHIB OFFICER**Prohibition Officer Is Captured by
Moonshiners But Is Rescued by
Fellow Officer.

A Huntington, W. Va., dispatch says: Seized by a gang of alleged moonshiners, brought before Green Brier county Justice of the peace, and found guilty on a charge of bootlegging was the experience of H. L. Ratliff of Hinton, W. Va., a State prohibition officer, who returned late yesterday from an investigation tour into the hills.

Ratliff was sentenced to serve 60 days in jail by the justice, but was rescued by Harry Fitzgerald, a brother officer, from an alleged moonshiner, who was escorting the convicted official.

Ratliff and Fitzgerald went into the hills of Green Brier to investigate a report that many illicit stills were in operation there. The officers found two stills and Ratliff went to the village of Auto, W. Va., to telephone the department at Charleston for additional men to make the raid. When in Auto, Ratliff was seized by the moonshiners at the point of revolver, taken before the justice, charged with bootlegging and convicted.

MRS. PEARCE NAMED
TRUSTEE FOR SON

The Louisville Courier-Journal says: On motion of Walter Haldeman Pearce, acting Probate Judge Samuel S. Blitz yesterday appointed Mrs. Roberta W. Pearce trustee of the estate of young Pearce to succeed his father, Charles D. Pearce, deceased.

The trusteeship was entered into between father and son April 17, 1913, two days before Walter Haldeman Pearce was to receive the estate hequeated to him by his grandfather, the late Walter N. Haldeman, the agreement providing that in the event the father died prior to his son he would have the right to name his successor in his will.

It is not known whether this was done by the older Pearce, as he was a resident of Mason county at the time of his death, although having resided in Louisville many years, and his will, if he died testate, will have to be probated in Maysville, Ky.

MOTHER OF LOCAL
PLUMBER DIES

Mr. Larry Langefels, local plumber, was notified by wire this morning of the death at her home in Covington Tuesday night of his mother, Mrs. Frances Langefels. Particulars of the death are lacking. Mr. and Mrs. Langefels and son left this afternoon for his mother's home.

**DAIRY DEMONSTRATIONS
TO BOOST USE OF MILK**Kentucky Extension Workers to Take
Part in Cincinnati Food Show.

To enable farmers of northern Kentucky to dispose of their increased milk production home demonstration agents of the Kentucky Bureau of Extension will give dairy demonstrations at the Pure Food Show in Cincinnati August 5 to 16.

Geoffrey Morgan, of Lexington, assistant director of extension; Mrs. E. A. Jones, of Louisville, and Miss Lula Logan, of Fayette county, both home demonstration agents, returned to Lexington from Cincinnati Tuesday after completing arrangements for the demonstrations, which it is expected will encourage people of Cincinnati to use more milk. The milk dealers of that city will co-operate by giving the space for the demonstrations, furnishing the equipment and donating prize money. If the work is successful similar demonstrations will be given in Kentucky towns.

The district agents will give demonstrations in the afternoon and at night during the entire show. On the first day the demonstrations will be of breakfast dairy dishes; the second, luncheon dairy dishes; the third, dinner dairy dishes, and the fourth, dairy drinks. The last day of the week will be given to the awarding of dairy prizes offered for the best dishes brought in by women of the vicinity following the demonstrations they have seen. The program will be duplicated the second week.

**COUNTY TAX COMMISSIONER
IS HIGHLY COMPLIMENTED**

Mr. William Wilson, field man for the Kentucky State Tax Commission, has been in Maysville for the past two days investigating the office of the Mason County Tax Commissioner. Before he left this morning for Frankfort, Mr. Wilson said that the office of Commissioner Brady was in first class condition and he highly complimented the Mason county official upon the condition of things.

**WOUNDED SOLDIERS
PASS THROUGH**

Two car loads of wounded American soldiers passed through the city today over the C. & O. from Eastern ports to Western hospitals. The men were bandaged up considerably and were carried in hospital cars.
